Statutory Service Payments	81,908	82,000	59,334	60,000	2014 received through 2nd half settlement. Decrease for 2014 is the result of County Board of Revision reductions in value. 2015 projected at consistent amount with 2014 collections. Service payments are amounts paid based on improvements to property (in lieu of property taxes) to payoff the debt on the improvements.
Shortfall	170,000	167,000	189,000	189,000	2014 received for the year. Shortfall is the amount by which the Phase I expenses are projected greater than its revenues. The expense is mostly from Phase I bond payments. The property owner must pay an amount to cover any estimated shortage.
<u>Phase II Activity</u>					
Statutory Service Payments	547,993	548,000	552,734	552,734	2014 received through 2nd half settlement. Phase II service payments reflect activity for the Pictoria Tower. 2015 projected at consistent amount. Service payments are amounts paid based on improvements to property (in lieu of property taxes) to payoff the debt on the improvements.
Special Assessments	186,211	178,002	183,342	151,000	2014 amount received at 1st half settlement. Special Assessments are based on loss in service payments from Garage parcel per TIF Phase II closing and exemption. 2015 amount is set per ordinance.
<u>Phase III Activity</u>					
Statutory Service Payments	38,103	14,000	27,054	27,000	2014 received through 2nd half settlement. 2015 assumes nothing further will be built on the Phase III site. Service payments are amounts paid based on improvements to property (in lieu of property taxes) to payoff the debt.
Interest	309	350	310	320	Phase III amounts are held in balance to accumulate, therefore Phase III is applicable to receive interest.
