

SPRINGDALE COMPREHENSIVE PLAN – CITIZEN INPUT REQUESTED

The City of Springdale is creating a new Comprehensive Plan to lay out future vision, goals, and priorities to ensure the City continues to provide a high level of service to its residents and businesses; manage new development and redevelopment efforts; and provide the parks, recreation, and community center amenities our residents tell us they would like to have. It is important to us that the plan is rooted in the community, which is why we need your help.

We are asking residents, business owners, and people that work in Springdale to complete a series of surveys on the topics of parks and recreation, housing, economic vitality, and transportation/connectivity. We need to hear what you like, what could be improved, and your ideas on how Springdale needs to evolve to continue to be a great place to live, raise a family, grow a business, or spend time in. Please click the link below to go to the landing page for the separate surveys.
