45069	79.21%	40,893	51,627
45215	67.91%	20,769	30,581
45240	69.70%	18,600	26,685
45241	77.99%	18,971	24,324
45242	90.56%	20,358	22,481
45246	73.63%	10,652	14,467
45249	82.49%	11,195	13,571

<b>Zip Code</b>	<b>Population</b>	<b>Case Count Last 14 Days</b>	<b>Case Count Per 100K Last 14 Days</b>	<b>Case Count - Last 30 Days</b>	<b>Case Count Per 100K Last 30 Days</b>
45040	54,890	175	321.06	454	832.92
45069	51,627	167	326.70	419	819.69
45215	30,581	114	369.96	288	934.64
45240	26,685	97	357.13	234	861.53
45241	24,324	73	299.60	193	792.09
45242	22,481	58	256.35	180	795.58
45246	14,467	46	323.81	147	1,034.77
45249	13,571	45	342.05	115	874.13

Ohioans age 6 months and over are eligible to receive the COVID vaccine. Additionally, eligible vaccine recipients may now receive a booster dose of any available COVID vaccine product. The booster dose does not have to match the original dose/series. Springdale Health holds COVID vaccination clinics on Thursdays from 9 AM – 12:45 PM at the Springdale Health Department (11700 Springfield Pike; Springdale, OH 45246). To find a provider and schedule a COVID vaccine appointment, please follow this link:

<https://gettheshot.coronavirus.ohio.gov/>

Or call the Ohio Department of Health’s Coronavirus Hotline at:

833-4 ASK ODH (1-833- 427-5634)

Vaccines.gov is an online resource for vaccine information/provider referrals:

[Vaccines.gov - Find COVID-19 vaccine locations near you](https://www.vaccines.gov/)

**PROOF OF ELIGIBILITY:**

Eligible booster recipients will be asked to attest they meet one of the eligibility requirements, but specific proof will not be required. Individuals with certain underlying medical conditions or who live/work in high-risk institutional or occupational settings are encouraged to discuss the benefits and risks of getting a booster dose with their healthcare providers. Please bring COVID vaccine cards and a form of ID when receiving primary series and booster dose. Parents or guardians should bring their ID when accompanying children to COVID vaccine appointments.

**COVID VACCINE CARDS:**

Eligible Ohioans are encouraged to bring their COVID vaccine card to their booster appointment. If they cannot find their vaccine card, they should first contact their original vaccine provider to see if their records can be located. If the original vaccine provider is unable to assist, they should contact their local health department. The final available option is to review this information on how to mail a request for your vaccination records to the Ohio Department of Health. Replacement vaccine cards are not available from the Ohio Department of Health. If a vaccine recipient does not have their original vaccine card that should not be a barrier to prevent them from being vaccinated.

For more information on booster shots, please visit:

<https://www.cdc.gov/coronavirus/2019-ncov/vaccines/booster-shot.html>

Test and Protect offers COVID tests at no cost to those who work and live in Hamilton County. An extensive list of locations to obtain a COVID test is provided on their website:
